Well you make my coffee, and itâ€<sup>™</sup> s only 3am, but soon lâ€<sup>™</sup> m going on my way And my time is almost up, I hold my coffee cup, we sit with nothing left to say And I know that soon I will be touching down In a shining city or a mountain town I have been around the world, but all that I can see Are these moments that we have, youâ€<sup>™</sup> re all the world to me Well there $\hat{a} \in \mathbb{M}$  s always laughter, and the parties after, and the fond farewell will before I go Leaving town, the window panes they flash like movie frames, the last scene in a picture show But I know that I am not alone and you are the one that I can tell my stories to I have been around the world, thereâ€<sup>™</sup> s so much there to see And the story never ends youâ€<sup>™</sup> re all the world to me Then I know there are times you think lâ€<sup>™</sup> ve lost my way, but there is no way this can be true Cause when lâ€<sup>™</sup> m walking through, the door I look for you, youâ€<sup>™</sup> re all lâ€<sup>™</sup> m looking for And itâ€<sup>™</sup> s truer now then itâ€<sup>™</sup> s ever been and the lucky one that love has taken in I have been around the world from sea to shining sea, I wish that you were here. Youâ€<sup>™</sup> re all the world to me I have been around the world from sea to shining sea And now lâ€<sup>™</sup> m heading home, youâ€<sup>™</sup> re all the world to me
