I tried again, I went last night.  
Another date was just not right.  
And as I drove myself back home,  
A little voice said just be alone,  
But sometimes I think I see you in a crowd,  
It's not picture perfect, but you're meant for me  
somehow,

And I'll miss you till I meet you,  
I'll miss you till I meet you,  
I miss you all the time.

I love the world just as it is.  
And I won't lose my faith in it.  
But there are days I think of you  
Saying, 'hey, that's beautiful,  
Yeah, I see it too.'  
It all goes by so fast, like waving hands  
You want to capture things,  
find someone who understands,

And I'll miss you till I meet you,  
I'll miss you till I meet you,  
I miss you all the time.  
Can you keep me awake?  
I thought you could help,  
Just to feel my way,  
Find my better self.

I'll miss you, I'll miss you, I miss you all the time.

The morning's gone, all dreamed away,  
But that's all right, it's Saturday,  
When people think that they might see  
The next chapter, their destiny.  
And when Monday morning comes around,  
I'll get the work done, but I'll listen for the sound.

And I'll miss you till I meet you,  
I'll miss you till I meet you,  
I miss you all the time.
