Welcome to the golden age of speed with grace
Waiting for the angry gods to smite our race
I logged on to Africa, in just one day
I opened a door and that's okay
It's not an end it's just a start
Not an end it's just a start

An' the world's not falling apart
The world's not falling apart
Because of me

An' the world's not falling apart
The world's not falling apart
Because of me

I have seen the kids who make their scenes
An' I have seen the riot girls who print their 'zines
They write the word, they raise a thought
They say "Who they are", they try what they're not
'Cause life is such a changing art
Life is such a changing art

An' the world's not falling apart
The world's not falling apart
Because of me

An' the world's not falling apart
The world's not falling apart
Because of me
Because of me

The closest thing to God that I've heard through
Is when I knew I did not have the final word
You say "The world has lost its love"
I say in embrace "What it's made of"
I'll snake a camera to your heart
I'll snake a camera to your heart

An' the world's not falling apart
The world's not falling apart
Because of me

An' the world's not falling apart
The world's not falling apart
Because of me
Because of me
