All the people in the world
Every boy and every girl
Just imagin that we could
It isn't hard to do

All the people in the world
Every boy and every girl
Just imagin that we could
Face up brother hood

All the people
-All the people
-All the people

All the people in the world
Every boy and every girl
Just imagin that we could
It isn't hard to do

Give it up...
You just got to give it up
You just have to give it up
You just got to give it up.....2x

From the mountains to the sea
Through the valleys follow me
From down below to the way up high
Baby we can touch the sky

All the people in the world
- All the people in the world
Just imagin that we could

All the people in the world
- All the people in the world
Just imagin that we could

All the people in the world
Every boy and every girl
Just imagin that we could
Face up brother hood
