I can't believe December's come and gone
Another year's flown by
Not even close to where I'd thought I'd be
But you can't stop time

Sometimes I don't know why I'm hanging on
To all these foolish dreams
But I guess some stubborn part of me
Won't let them die

Maybe I'll never get where I'm going
Maybe I'll crash down to the ground
Maybe I'm never gonna know what it feels to fly
But I'm gonna give it a damn good try

I step outside the air is cold and pure
The new snow's falling down
I take a breath and feel so blessed
To be right here and now

Maybe I'll never get where I'm going
Maybe I'll crash down to the ground
Maybe I'm never gonna know what it feels to fly
But I'm gonna give it a damn good try

It would be so easy to give up
It would be so easy to just let go
But something inside is trying to tell me
What I already know

Maybe I'll never get where I'm going
Maybe I'll crash down to the ground
Maybe I'm never gonna know what it feels to fly
But I'm gonna give it a damn good try
