Though we're friends, you're sure take offense
I don't pretend that you will be grateful
But if you trust in me, soon you're gonna see
That I'm as right as can be
So let me be honest

I've been there, done that
I know what I'm talking about
I've been to hell and back with that guy
So this is my advice

He's a no no, I don't like what I see
He's a no no, gotta listen to me
Save your soul and run
Before the damage is done
He's a no no, believe me I'm right
He's a no no, stop wasting your time
Spare your heart and run
The player's only looking for some fun

No need to tell I know damn well
It's none of my business but girl you're like my sister
I do it out of love
It's you I'm thinking of
And even though you're tough
Why jeopardize your luck?

I've been there, done that
I know what you're feeling right now
But seventh heaven never lasts
So you got to hear me out

He's a no no, I don't like what I see
He's a no no, gotta listen to me
Save your soul and run
Before the damage is done
He's a no no, believe me I'm right
He's a no no, stop wasting your time
Spare your heart and run

He's a playa, he's a liar, he's a cheat, he's a child
He's a no no, no no

A big nobody, gonna hold you down
Nobody gonna play you 'round
Nobody gonna hold you down
Nobody gonna play you 'round
No nobody deserves you

He's got to be good enough for you
He's a no no, I don't like what I see
He's a no no, gotta listen to me
Save your soul and run
Before the damage is done
He's a no no, believe me I'm right
He's a no no, stop wasting your time
Spare your heart and run
The playa's only looking for some fun
