Does history guide you, or do you set out to change it?
Breach not broken

Fuck your...
Skinned- alive designer wear
Fashion shades and salon hair
Heels to help where nature failed
Artificial teeth and nails

The wasp's nest expands

So clap your hands! It's her!
The one black woman who's success you don't credit to
Affirmative Action
The way of the future is corporate sponsors raising
your kids
Maternal love is nothing compared to what \$7 gives
Put in, suck out plastic body parts
It's the ever-growing industry of cosmetic arts!
Bombarded with the idealized shots, dysmorphic, self-
destructive plots

Physical flaws are a mental blank

So pay your surgeons
It's your parents who you should thank

[Chorus:]

These eyes are blind to several hundred left behind
(Lest we forget again)
But the border is breached but not broken
Who tries to find the several hundred left behind,
When the border is breached but not broken?

Go-existing in a twisted society
Where youth is a crime and wasteful sweat-shops
expenditures are how luxury is defined
Now the KKK has found a new masquerade
Fuck your self-proclaimed supremacy
You hide your face and your shame!

Identify right and wrong when all fact is merely opinion
You cannot know the sweetness of victory without first
dwelling in the agony of defeat

[Chorus]
