You and I buy star maps and drive my car around Los Angeles You and I buy star maps and ding dong digital evangelist

It's only been a week But I know that you are mine to keep

You are a radar detector I drive 1.000 miles an hour I won't go on and on But you are always looking out for me

You and I go shopping and find exactly what we're looking for You and I go shopping and fall asleep inside the mattress store.

We cruise the neighborhood But it's not supposed to feel this good

You are a radar detector I drive 1,000 miles an hour I won't go on and on you are always looking out for me because

You are a radar detector You are a radar detector

You are a radar detector

I drive 1,000 miles an hour I won't go on and on, and on you are always looking out for me

When I'm driving, driving, driving around you are a radar detector, you are a radar detector

When I'm driving, driving, driving around you are a radar detector, you are a radar detector

When I'm driving, driving, driving around you are a radar detector, you are a radar detector...
