I'm jumping headfirst for you
Giving up the things that I once knew
I'm scared, but I know it's right to do

I'd be lying if I said I wasn't scared of this well I am
Crossing to the sea with nothing but a suitcase in my
hand
I'm just worried that our dreams won't go as planned
But I know, that it's worth it, that we'll make it in the end

I've been trying to get over this fear of failing that I
have
Crossing out the things that make me doubt in my head
I'm not worried that we'll make it through the night
'Cause I know that I'll be driven by the thought of
waking at your side

So I'll pack my bags, hit the road and make my way
back home to you
