I close my eyes just to feel like Iâ€™m home  
The missing piece reminds me that Iâ€™m alone  
I feel it deep in my bones

Time donâ€™t recognize my healing  
Iâ€™ve been walking on a wire  
And my beat up hope finds nothing to aspire

The pale moon light keeps me wondering on  
Feel it around but I got nothing to show  
I got nothing to show

Time donâ€™t recognize my healing  
Iâ€™ve been walking on a wire  
And my beat up hope finds nothing to aspire

The same old breeze the flashing lights keep on  
haunting me  
The world seems still but concrete walls keep on  
closing in  
But I wonâ€™t yield, Iâ€™ve got your words in my  
memories revealed

The same old breeze the flashing lights keep on  
haunting me  
The world seems still but concrete walls keep on  
closing in  
But I wonâ€™t yield, Iâ€™ve got your words in my  
memories revealed

The more I lit the fire  
My burning knees get tired  
Iâ€™m a leaf reaching the ground  
Iâ€™ve been searching for the sound  
Of your steps come through the night  
Iâ€™ve got a blinding starting line  
Feel Iâ€™m ready now, Feel Iâ€™m ready now

The same old breeze the flashing lights keep on  
haunting me  
The world seems still but concrete walls keep on  
closing in

But I won't yield, I've got your words in my  
memories revealed
