Something's got me down
Something's got me thinking all night.
I can see it in her eyes,
Something in her smile.

So tell me where you'll go
And tell me where you're going, just help me
understand.
I can see it in her eyes
Something in her smile tonight.

And in her skin
And in her
I wanted more.
I wanted more.

Where did I go wrong?
And when did you last kiss me with eyes shut?
'Cause you caught me way of guard,
Opened up a scar tonight.

And in her skin
And in her
I wanted more.
I wanted more.

Something's got me down
Something's got me thinking all night.
I can see it in her eyes,
Something in her smile.

And in her skin
And in her
I wanted more.
I wanted more.

And in her skin
And in her
I wanted more.
I wanted more.

Something's got me down.

Something's got me thinking.
