It wakes me up
I've got a feeling down my spine.
I Left the dreams behind.

It's so unreal
It's what I need but can't reveal.
We'll take the long way home.

But these words, they went deeper than you meant now
baby
'Cause I just can't let them go.

Can't stay in line
I've got to change the course tonight
But I just can't take the bite.

A broke down toy
I'm looking for an open door.
This silence making noise.

But these words, they went deeper than you meant now
baby
'Cause I just can't let them go.

So please won't you let me drown this fire ending.
So please 'cause I've been waiting for the answers
lately.

Maybe I should take it slowly
One step at the time.

A broke down toy
I'm looking for an open door.
This silence making noise.

But these words, they went deeper than you meant now
baby
'Cause I just can't let them go.

So please won't you let me drown this fire ending.
So please 'cause I've been waiting for the answers
lately.

So please won't you let me drown this fire ending.
So please 'cause I've been waiting for the answers
lately.
