Come on everybody
It's time to celebrate
Exalt his name forever
He's worthy of all the praise
Put your hands together
It's time to celebrate
Execute your weapon, there's power in praise
(Lead)
Take these shackles off of me, through the blood I've
been set free, whomever the Son has set free, is free,
indeed

No more chains holding me, walking in my liberty,
Liberty to worship Him, adore Him

(Chorus)

(Lead)

We cry holy is the Lamb, for He is the great I am He's
the Kind of King, Lord of Lords, there's nobody like Him
There's power in your praise, open up your mouth and
don't delay

In your praise, when you praise, you're breaking every
chain, when you praise, when you praise

(Chorus)

Somebody clap your hands like this, somebody clap
your hands like this

(Vamp)

Let's exalt His name forever, time to execute your
weapon; everybody put your hands together, po- wer in
praise

Let's exalt His name forever, time to execute your
weapon; everybody put your hands together, po- wer in
praise

Oooooo, Oooooo, Oooooo, po- wer in praise!

Oooooo, Oooooo, Oooooo, po-wer in praise!
