Niggas b mad funny, see da difference between me n
all yall niggas is that i aint read rappin fa dummies,
i spit heat , yall spit rhymes,
but the heat i spit'll make u blow smoke like im spittin
8 shots and squeezin off my 9,
see mos niggaz aint shyt that they claim,
u want fame well go ahead and get ya fame off my
name,
see ima murda any rappa tryna spit wit no game,
yall lame, for me to beat u it would such a shame,
n i aint even gotta try ppls so lets be honest,
ima cocky mufucka n i dont mean to be modest,
but hands down i got this rap game regardless,
n aint even gotta consider myself to be a rap artist.
I do this shyt for fun, u niggas doin this as a lifestyle,
n if a record label heard both of us i would jus smile,
n kno that theres no comparison,
its like goin to war and knowin that u runnin without
a loaded gun, so stop runnin ya pussies,
niggas u aint got none, like tryna write a check n
try to cash witout enough funds.
.n i kno for a fact i got enough gunz,
make u sizzle like a nathans sittin on a grill witout
a hot bun, n dis is only da beginin i jus got started,
n got enough artilery to get u niggaz squadin,
so if u got dudes i really hope u niggas call em,
cuz if not then its gonna b anotha dearly departed.
