I'm over waiting for my trial  
I'm trying so hard to fake a smile  
My shoes are tattered but they're tied

I'm tired but I can walk for miles

The jury's out but the coast is clear  
Moment of judgement is drawing near  
Who says the verdict won't be a lie

I'm tired but I could walk for miles

The roads got stones  
To trip up your toes  
If it goes downhill that's how it goes  
The dust may blow  
Jah may get cold  
If yeah can't take it just goes to show

I'm holding on to the ways of old  
I'm sure I'm doing what I'm told  
I think I can hold on a while

I'm tired but I can walk for miles

The roads got stones  
To trip up your toes  
If it goes downhill that's how it goes  
The dust may blow  
Jah may get cold  
If yeah can't take it just goes to show

I'm keeping a cold watch on the world  
So fucked up haven't yeah heard  
Though I can only see it through my eyes

I'm tired but I can walk for miles

I woke up and things had changed  
Thought I could change them back again  
Can't decide if I should try

I'm tired but I can walk for miles

The roads got stones  
To trip up your toes  
If it goes downhill that's how it goes  
The dust may blow  
Jah may get cold  
If yeah can't take it just goes to show
