Things are gonna change so what can you do
Yeah, I know it's sad, but it's true
Recently alive as any big decision, and
Everything important is under my revision, and
So I, I packed my bag to go
I get on the phone as you watch from the show
I can see tears in your eyes, this isn't goodbye
For people entire fly, we're gonna make it back home

Don't cry, this isn't where the story ends
I swear you're gonna see my face again
This won't be the last that we will turn
It's time to go

Paddle up my thoughts and put 'em in a letter
When things are getting worse, I just say they're
getting better
Thinkin' of a love in the midst of war
And I'm thinkin' bout the life that I had before
Now we know, the last two soldiers left
The radio's down, got no handles to spare
Until he turns to me, and he says
Are we dead, are we dead?
And now we're gonna make it back home

Don't cry, this isn't where the story ends
I swear we're gonna see our homes again
This won't be my face all let down again
It's time to go

It's time to go...
