I've been thinking of our time together
Memories so fine
I've been dreaming of a summer heaven
Now I'm lost in time

You're on my mind (Mind)
You're on my mind
On my mind (Mind)
You're on my mind

I've been walking down lanes and streets
Searching out for new friends to meet
Somehow I keep searching back for you
I've been dreaming of a destination only found in my
imagination
A destination made for me and you

You're on my mind (Mind)
You're on my mind
On my mind (Mind)
You're on my mind

Ooooooooooh
Ooooooooooh

You're on my mind (Ooooooooooh)
You're on my mind
On my mind (Ooooooooooh)
You're on my mind
