Oo down Tipi Town
Hoping around
Seeking Inspiration
I been out here on the edge of space
in the human race
I guess I'd gotten lonely but
That's okay
Now it's not the way it should be but
That's okay
I know it's not the way it could be and
That's okay
It's pretty good for kindergarten and
That's oKay
Come on, we're only getting started
Thumb-hand human band
can understand
out among the far locations
That the music's Heaven-sent
we can fly on instruments
beyond our isolation and
That's okay
No it's not the way it should be but
That's okay
Here and now it's how it is and
That's okay
It's pretty good for kindergarten and
That's oKay
Come on, we're only getting started
Womb-world paradigm
Understand in time
It's a sweet investigation
We're learning rope by rope
Climbing hope by hope
In eveey combination and
That's okay
No it's not the way it should be but
That's okay
It's wild and it's unique and
That's okay
Love's the magic number and
That's okay
Come on, We're only getting started
