Since I was a kid I've had a black cloud follow me  
I need to clear my head before the ground starts to  
swallow me  
Killed your companions then complained of loneliness  
Well, sometimes it happens like this

Since I was a kid I've had a black cloud follow me  
I need to clear my head before the ground starts to  
swallow me  
Killed your companions then complained of loneliness  
Well, sometimes it happens like this

Try to concede, you want what I don't need  
You fled with summer's speed, most likely to succeed  
You never played the lead, but starred in many  
downplays  
Malaise infects my airways, affrays echo for days

Accumulating slow like snowfall, forestall to walk and  
just crawl  
Enthralled to the beck and call  
You ride the rails, tied my body to the track  
Watched the trains run me over, never ever looking  
back

Staring at you teary eyed  
How could he never know?  
Always being pushed aside  
How could he never see?  
Images of patricide  
That's how I always knew  
Something is wrong with the way that I feel  
With the way that I feel inside me

And don't try  
Friend you ain't no friend to me  
Defy  
What you are I'll never be  
Outcry  
Get the fuck away from me  
Faux  
I'm stronger now

And don't try  
Friend you ain't no friend to me  
Defy  
What you are I'll never be  
Outcry  
Get the fuck away from me  
Faux  
I'm stronger now

Nothing you say can heal these bruises I conceal  
Apologies are like a virus and can't change the way I  
feel  
Should I reconcile so you can smile, rebuild our rapport  
So you can bait the lure for yet another whore

Stepmother, steps away from being a mother  
Already got one and I love her, why the fuck I need  
another?  
Or a father, who never bothered, why bother to exist?  
Watch your sun eclipse, I wipe your name from my lips

Staring at you teary eyed  
How could he never know?  
Always being pushed aside  
How could he never see?  
Images of patricide  
That's how I always knew  
Something is wrong with the way that I feel  
With the way that I feel inside me

And don't try  
Friend you ain't no friend to me  
Defy  
What you are I'll never be  
Outcry  
Get the fuck away from me  
Faux  
I'm stronger now

And don't try  
Friend you ain't no friend to me  
Defy  
What you are I'll never be  
Outcry  
Get the fuck away from me  
Faux  
I'm stronger now

Longed to be your son  
Some things are never too broken to be

But you're dead in me  
I longed to be your son  
Some things are never too broken to be  
But you're dead, you're dead

And don't try  
Friend you ain't no friend to me  
Defy  
What you are I'll never be  
Outcry  
Get the fuck away from me  
Faux  
I'm stronger now

And don't try  
Friend you ain't no friend to me  
Defy  
What you are I'll never be  
Outcry  
Get the fuck away from me  
Faux  
I'm stronger now

Don't try  
I'm stronger now  
Don't try  
I'm stronger now  
Don't try  
I'm stronger now  
Don't try  
I'm stronger like I'll ever be
