Deny, change everything you know to be  
It's enough to feel misused to live like me  
You'd want more

You wanna fuck around? You wanna play?  
I can't allow myself to feel for you that way  
Bitter memories, wretched view  
Looking back on the things that you put me through

You kill me all the time with the look in your eyes  
You kill me all the time with your eyes  
You kill me all the time with the look in your eyes  
You kill me all the time with your eyes

Inside I'm sick of life, pretend to hear  
The wrong words cast from your eyes  
Your hooks in me to take more

You wanna fuck around? You wanna play?  
I can't allow myself to feel for you that way  
Bitter memories, wretched view  
Looking back on the things that you put me through

You kill me all the time with the look in your eyes  
You kill me all the time with your eyes  
You kill me all the time with the look in your eyes  
You kill me all the time with your eyes

Was I nothing to you?  
Was I nothing to you?  
Was I nothing to you?  
Was I nothing to you?

Was I nothing to you?  
Was I nothing to you?  
Was I nothing to you?  
Was I nothing?

You kill me all the time with the look in your eyes  
You kill me all the time with your eyes  
You kill me all the time with the look in your eyes  
You kill me all the time with your eyes

Was I nothing to you?  
Was I nothing to you?  
Was I nothing to you?  
Was I nothing to you?

Did you ever love me?  
Did you ever love me?
