In the room wet with tears The sound of a knock
sounded
Even though I couldn't meet anyone with how my face
was What do you want Who is it?
"Its not that great of a name, but someone has called
me "Laugh Maker"
I've brought you a smile it's cold so let me in"

Laugh Maker? This isn't a joke! I don't remember
calling someone like that
Don't mind me and disappear If you're there I can't cry

Rulala Rula Rulala Rula

In the severely flooded room The sound of a knock flew
in
That guy is still here? Didn't I say for you to disappear?
"You're the first person to tell me that in my life
I'm really sad now What should I do? I think I'm going to
cry"

Laugh Maker? This isn't a joke! It can't be helped if you
cry
I'm the one who wants to cry I don't remember calling
someone like you

Rulala Rula Rulala Rula

The voices of two people crying Faraway...

With our backs against each other with the door
between us Crying voices mixed with hiccups
Hugging our knees with our backs against each other
Completely tired out crying voices
Do you still intend to make me laugh? Laugh Maker
"Its the only thing I live for If I don't make you laugh I
can't go home"

I thought maybe I can let you in but,
The problem is the don't won't open it's the pressure of
the collected tears
Push the door from your side it's already unlocked

Say un or sun or something like that

What's wrong? Hey, it can't be

Laugh Maker? This isn't a joke! Now you leave me
behind by myself

You disappeared without minding me You betrayed me
in the instant that I believed in you

Laugh Maker? This isn't a joke! The sound of the
window breaking on the other side

Holding a iron pipe and with a crying face "I brought
you a smile"

Rulala Rula Rulala Rula

You brought out a small mirror Faced it to me and said
this

"Your crying face can smile"

Amazingly Indeed I smiled
