You just give me  
Bridesmaids' gimmicks  
There's a glace cherry  
On your wedding cake

Your ex-boyfriend's crying  
In the background  
Hiding behind  
The easter candle

Glasgow italian ice cream family  
Makes you feel better in the rain  
Driving around in a musical van  
Helps you hide the pain

I wish I could be home for easter  
To light the votive candle  
But all I do is paint my toes  
This family's too hard to handle

You just give me  
Bridesmaids' gimmicks  
Silver tin foil and ribbons and lace  
Confetti and painted faces
