You used to be my friend  
To bad it had to end  
You and me forever  
Suddenly it all changed

I still can't understand  
Why we never could walk hand-in-hand  
Did you ever loved me?

You used to be my friend  
To bad it had to end  
You and me forever  
Suddenly it all changed

I still can't understand  
Why we never could walk hand-in-hand  
Did you ever loved me?

You used to be my friend  
To bad it had to end  
You and me forever  
Suddenly it all changed

I still can't understand  
Why we never could walk hand-in-hand  
Did you ever loved me?
