Caught out alone and I'm tryin' to be free
Caught up in things that are inside of me
Lookin' for something that I cannot see

Losing my faith but I'm tryin' to believe
Losing my faith, losing my faith
Losing my faith, losing my faith
Tryin' to be free

Losing my faith, losing my faith
Losing my faith, losing my
The world is after me
The world is after me

There feeding their jones, I'm reluctant to fight
Caught out alone at the end of the night
They're lookin' for victims and lookin' for me
I'm blind in my eyes but I'm tryin' to see

Losing my faith, losing my faith
Losing my faith, tryin' to see

Losing my faith, losing my faith
Losing my faith, losing my
The world is after me, the whole world is after me

Feel like I'm caught in the ocean
There's always someone to help me down
The twisted tangled emotions
There's always someone to help me drown

Tryin' to believe
Losing my faith, losing my faith
Losing my faith, losing my faith
Tryin' to be free

Losing my faith, losing my faith
Losing my faith, losing my faith
Tryin' to see

Losing my faith, losing my faith
Losing my faith, losing my faith

Tryin' to see

Losing my faith, losing my faith

Losing my faith, losing my

The world is after me, the whole world is after me

The world is after me, the whole world is after me

The world is after me
