I found a treasure in you  
A black coal diamond in the rough  
I chipped away to find out  
That there was nothin' here  
Nothin' like I thought  
No

I learned that lesson slowly  
Over seven years I threw away  
Giving you my total attention  
While I was findin' you I lost my way

Sinkin' like a stone cuttin' to the bone  
How can I be safe or find my way back home?  
'Cause you have been erased I'd rather be alone  
You best be on your way so I can carry on, yeah

You stuck your blade within me  
Cold metal and steel sinkin' through my bones  
But you have resurrected everythin' I couldn't feel  
And I thought was gone

Sinkin' like a stone cuttin' to the bone  
How can I be safe or find my way back home?  
'Cause you have been erased I'd rather be alone  
You best be on your way so I can carry on

So I can carry on and on  
One two three  
Go go go, oh yeah

Sinkin' like a stone cuttin' to the bone  
How can I be safe or find me way back home?  
'Cause you have been erased I'd rather be alone  
You best be on your way so I can carry

Fuck you, you were never for me  
I can find my way through  
You will never be there or lost there  
Now fuck you, you were never for me  
I would rather kill you  
Can't you see the way inside of you?
