Saliva
"Hit Me"

It's just a matter of time
Before you recognize me for who I am
It's just a matter of time
Until you see the man behind the mask

If you give me your heart I won't keep it
It'll only end up in pieces
If you stay too long then a lot will go wrong
And you can't go back

So go ahead and hate me
Go ahead and get as far away as you can
Go ahead and hate me
But then I can't find a way to hurt you so bad

I'll let you walk away
I'll only hurt you if you stay
So go ahead and hate me
Go ahead and hate me

I told you I can be good
You know I wish I could
But some things can't change
I finally realized I'm the kind of man
That can't be tamed

I find myself in all the wrong places
Wake up, it's time that we face this
I told you I could be good
So I'm keeping my word by pushing you away

So go ahead and hate me
Go ahead and get as far away as you can
Go ahead and hate me
Then I can't find a way to hurt you so bad

I'll let you walk away
I'll only hurt you if you stay
So go ahead and hate me
Go ahead and hate me

I love you enough to let you
Love you enough to let you
Love you enough to let you go

I love you enough to let you
Love you enough to let you
Love you enough to let you go

So go ahead and hate me
Go ahead and get as far away as you can
Go ahead and hate me
So I can't find a way to hurt you so bad

So go ahead and hate me
Go ahead and get as far away as you can
Go ahead and hate me
But then I can't find a way to hurt you so bad

I'll let you walk away
I'll only hurt you if you stay
So go ahead and hate me
Go ahead and hate me

So go ahead and hate me
Go ahead and get as far away as you can
Go ahead and hate me
Then I can't find a way to hurt you so bad

I'll let you walk away
I'll only hurt you if you stay
So go ahead and hate me
Go ahead and hate me

Hate me, yeah
