Hot day in the summer sun,
It's 121Â°
Live tanks and machine guns,
Another day and another run,
Looking for a good place to hide
45 on my strong side
Me and my buddies haven't realized
It's just a job, we don't wanna die!

I miss my family, (I miss my girl)
I miss my friends, (My whole world)
I hope I make it back again!
(Yeah...)

Bang! Bang! bang!
Another body goes (Down in flames!)
Another mother will (Cry his name!)
Another coffin will (Hold his remains!)

Bang! Bang! Bang!
Another body goes (Down in flames!)
Another preacher will (Say his name!)
Another coffin will (Hold his remains!)

Until Judgement day

Focus in and stay relaxed,
Before I have a damn heart attack,
Stay alive and stay intact,
Cause God knows I wanna make it back!
This can't be the end for me!
I got a lot of stuff to do you see,
Raise my kids and my family,
I pray that God is protecting me!

I miss my family, (I miss my girl)
I miss my friends, (My whole world)
I hope I make it back again!
(Yeah...)

Bang! Bang! Bang!
Another body goes (Down in flames!)

Another mother will (Cry his name!)
Another coffin will (Hold his remains!)

Bang! Bang! Bang!
Another body goes (Down in flames!)
Another preacher will (Say his name!)
Another coffin will (Hold his remains!)

I miss my family, (I miss my girl)
I miss my friends, (My whole world)
I hope I make it back again!
(Yeah...)

Bang! Bang! Bang!
Another body goes (Down in flames!)
Another mother will (Cry his name!)
Another coffin will (Hold his remains!)

Bang! Bang! Bang!
Another body goes (Down in flames!)
Another preacher will (Say his name!)
Another coffin will (Hold his remains!)

Until Judgement day...
