Hey, and I'm falling away  
And my skins turning grey with time  
Hey, and I'm dead in my grave  
Why don't somebody tell me why?  
'Cause I'm hopeless, and I'm stupid  
And I'm helpless and I'm useless  
That's why I'm stuck in you

Hey, I am turnin' away from a soul  
That you claim with desire  
Hey, can I give you the pain?  
Can you take it away just tonight?

I wish that we'd never gone this far  
And I wish I could take it away  
And celebrate how wrong you are  
And no one can make me feel like you  
And no one can thrill me like you do

Is it somethin' in your head?  
Is there pleasure to your pain?  
Is it words that you didn't say  
Or is it somethin' inside me?

I wish that we'd never gone this far  
And I wish I could take it away  
And celebrate how wrong you are  
And now one can make me feel like you  
And no one can thrill me like you do

I can feel your fingers inside me  
I can feel your eyes fixed upon me  
I can feel your legs wrapped around me  
I can feel your legs wrapped around me  
I can feel your eyes fixed upon me  
I can feel the heat from your body  
I can feel the heat from your body

I wish I'd never gone this far  
And I wish I could take it away  
And celebrate how wrong you are  
And no one can make me feel like you

And no one can thrill me like you do  
And no one can make me feel like you  
And no one can kill me like you do
