All the pain that haunts me still  
And all the shame surrounding you  
Is now the past that I can't kill  
Forever wrapped around me

And all the sadness was your life  
Are now the things that I can't hide  
Its just a fear that's deep inside  
From all the years of hiding

There's a ghost that's inside of my mind  
And a pain that is haunting me still  
So I can never go back and rewind  
And I can never have peace or be still

Somebody,somebody, somebody take this away  
Somebody,somebody, somebody take this away

But I have lived for you  
And every single little thing you do  
But I have lived for you  
And I won't kill myself for loving you

They took you far away from me  
So I could never find you  
They made me blind but i can see  
The loaded gun behind you

The end of all that this boy knew  
Inside of me was the inside of you  
I miss the way we used to be  
When I was what would bring you through

Somebody take this away!  
Somebody take this away!  
Somebody take this away!  
Somebody take this...

But I have lived for you  
And every single little thing you do  
But I have lived for you  
And I won't kill myself for loving you

Somebody,somebody, somebody take this away  
Somebody,somebody, somebody take this away  
Somebody,somebody, somebody take this away  
Somebody,somebody, somebody somebody (fades to  
the background)

But I have lived for you  
And everything single little thing you do  
But I have lived for you  
And I won't kill myself for loving you

Because I've lived for you  
And everything single little thing you do  
But I can't rise above your lies  
That you have gladly made your life  
And I won't kill myself for loving you
