I drink the night away
But I still see your face
I can close my eyes
But it won't erase
The memories
Of you next to me
Your the ghost of yesterday
That's a part of me

Day after day it's all the same
It's like I'm going insane

Cause there's nothing I can do to get me over you
There's nothing (nothing)
There's nothing and no hope
Don't think that I'm not trying to get you off my mind
There's nothing (nothing)
There's nothing

I've been seeing someone else
But I wish that she was you
Her touch doesn't take me to places like it was with you

You got my soul and won't let go
My whole life so sick and stall

Cause there's nothing I can do to get me over you
There's nothing (nothing)
There's nothing and no hope
Don't think that I'm not trying to get you off my mind
There's nothing (nothing)
There's nothing
There's nothing

[guitar solo]

There's nothing I can do to get me over you
There's nothing (nothing)
There's nothing and no hope
Don't think that I'm not trying to get you off my mind
There's nothing (nothing)
There's nothing

Yeaah there's nothing (nothing)
There's nothing

Don't think I've been trying to chase away the
memories
There's nothing [repeat]
