Is this what you wanted to see?
You gave up so easily
Take my hand, I'll guide you to the light
I'll make everything all right

A wasted life brings a tear to my eye, yeah
A waste of life as we say our final goodbyes
I wish you would prove me wrong
I've been sorry for way too long

Come on and I'll show you the way
Just follow the words that I say
Before you go away
Come on, prove me wrong

Is this what you wanted from me?
Cut the strings and just let it be
I'll move on one day at a time
As I let you fall behind

A wasted life brings a tear to my eye, yeah
A waste of life as we say our final goodbyes
I wish you would prove me wrong
I've been sorry for way too long

Come on and I'll show you the way
Just follow the words that I say
Before you go away
Come on, prove me wrong

Come on, prove me wrong
Come on, prove me wrong
Can you prove me wrong?
Come on, prove me wrong

I wish you would prove me wrong
I've been sorry for way too long
Come on and I'll show you the way
Just follow the words that I say
Before you go away
Come on, prove me wrong
