Sleepin' the day away again  
And all I ever dream about is you and me  
And what I feel inside of me  
Here I go, in love again  
And oh, God, help me, please  
If I can make you see  
If I could just make you believe  
Am I gonna make you see?

I write your name across the sky  
It's something I can't hide  
I write your name across my mind  
In my heart that beats inside.

Goin' up and down again  
And I know nothin's ever come so easily  
For you, I'd die; I'd beg; I'd bleed  
I can't sleep, I can't pretend  
'Cause you are everything that I've been searching for  
And I could never ask for me  
Don't make me beg for more.

I write your name across the sky  
It's something I can't hide  
I write your name across my mind  
In my heart that beats inside.

I write your name across the sky  
It's something I can't hide  
I write your name across my mind  
In my heart that beats inside.

Come on, come on  
(Yeah, yeah, yeah)  
C-c-c-come on, come on  
(Yeah, yeah, yeah)  
Come on, come on  
(Yeah, yeah, yeah)  
C-c-c-come on, come on

I write your name across the sky

It's something I can't hide  
I write your name across my mind  
And my heart that beats inside.

I write your name across the sky  
It's something I can't hide  
I write your name across my mind  
In my heart that beats inside.
