Your Diseas
Dracula2000
(Dracula2000)

In one moment I'm goin all the way.
I make my poetry everyday.
And I'm frozen, comin right on time I froze my mind
with that serious rhyme.
And I'm open comin up inside you know my mind has
got a grand design
and I'm flowin, goin all the way I make my point to be
everyday come on.
And I wanna take you down, but your soul cannot be
found.
It doesn't matter much you see cause your disease is
killing me.
And you know its only right cause it feels like paradise.
I know nothing is for free cause your disease is killing
me.
My minds broken, I'm goin up in smoke if you breathe
my toke I'm guaranteeing you choke
and I'm chosen to testify to the masses wear dark
glasses like the cops in Texas.
All knowing its not a premonition kill the competition
like a man on a mission
I'm blowin comin up inside like the Bee Gees cry I'm
just stayin alive come on.
And I wanna take you down, but your soul cannot be
found.
It doesn't matter much you see cause your disease is
killing me.
And you know its only right cause it feels like paradise.
I know nothing is for free cause your disease is killing
me.
So now I'm finally goin down can I find my way back
home now there's no one else
around can I find my way back home.
Will I ever see the light.
Even though I'm fallin.
Will there ever be any peace for me.
Even though I'm falling.

Will there ever be any peace for me.
Even though I'm falling.
Will there ever be any peace for me.
And I wanna take you down, but your soul cannot be
found.
It doesn't matter much you see cause your disease is
killing me.
And you know its only right cause it feels like paradise.
I know nothing is for free cause your disease is killing
me.
And I wanna take you down, but your soul cannot be
found.
It doesn't matter much you see cause your disease is
killing me.
And you know its only right cause it feels like paradise.
I know nothing is for free cause your disease is killing
me.
