UGH!!!

In one moment I'm goin all the way. I make my poetry everyday.

And I'm frozen, comin right on time I froze my mind with that serious rhyme.

And I'm open comin up inside you know my mind has got a grand design and

I'm flowin, goin all the way I make my point to be everyday come on.

And I wanna take you down, but your soul cannot be found. It doesn't matter much you see cause your disease is killing me. And you know it's only right 'coz it feels like paradise, I know nothing if for free 'coz your disease is killin me.

My minds broken, I'm goin up in smoke if you breathe my toke I'm guaranteeing you'll choke and I'm chosen to testify the masses wear dark glasses like the cops in Texas. All knowing its not a premonition kill the competition like a man on a mission I'm blowin comin up inside like the Bee Gees cry I'm just stayin alive come on.

And I wanna take you down, but your soul cannot be found. It doesn't matter much you see cause your disease is killing me. And you know it's only right 'coz it feels like paradise, I know nothing if for free 'coz your disease is killin me.

So now I'm finally goin down can I find my way back home now there's no one else around can I find my way back home. Will I ever see the light. Even though I'm fallin. Will there ever be any peace for me. Even though I'm falling. Will there ever be any peace for me. Even though I'm falling. Will there ever be any peace for me.

And I wanna take you down, but your soul cannot be
found. It doesn't matter much you
see cause your disease is killing me. And you know it's
only right 'coz it feels like
paradise, I know nothing if for free 'coz your disease is
killin me.

And I wanna take you down, but your soul cannot be
found. It doesn't matter much you
see cause your disease is killing me. And you know it's
only right 'coz it feels like
paradise, I know nothing if for free 'coz your disease is
killin me
