Can't stand to fight a feeling
Can't stand to see what you don't deserve
Your only here, We're only here

Can't stand to fight a feeling
Can't stand to see what you don't deserve
Your only here, We're only here

We all go, we all go down
We all go, we all go down

Stare at your eyes and i can see
She's watching you, watching me
Stareing now you see the one
The only doubt, you have none

The tokens grey
I can't see whats alive
You don't know anything your just
Giving what can't be taken

Be what may
I can't seem to survive in this world
I am here in lust
Giving what can't be taken

We could be here forever
This has gone to far
We could be here forever (In this world I am here in
lust)
This has gone to far

Can't stand to fight a feeling
Can't stand to see what you don't deserve
Your only here, We're only here

We all go, we all go down

Stare at your eyes and i can see
She's watching you, watching me
Stareing now you see the one
The only doubt, you have none

The tokens grey
I can't see what's alive
You don't know anything you're just
Giving what can't be taken

Be what may
I can't seem to survive in this world
I am here in lust
Giving what can't be taken

We could be here forever (you don't know anything
you're just)
This has gone to far
We could be here forever
(Be what may i can't seem to survive)
(in this world I am here in lust)
This has gone to far
