My manager called, said we need to talk  
So I met him on the 18th floor  
He said, Daryle, we need to change a couple of things  
Cause country ain't country no more  
We a little more glitz and a little more glamor  
A few fireworks and some half naked dancers  
I said, okay, that's fine with me  
The only problem I see

I still sing this way  
The only way I know  
Straight from the heart  
A little through my nose  
You can dress me up in leather pants  
Put me in front of a rock and roll band  
I can dance around the stage  
But I still sing this way

Now, I've had this Georgia twang in my thang ever  
since I was a kid  
There's a whole lot of Hag and Jones in my bones  
What you hear is what you get  
You can turn down the fiddle and steel guitar  
Try to market me like a big pop star  
I'm afraid it'll all go South  
When I open my mouth

I still sing this way  
The only way I know  
Straight from the heart  
A little through my nose  
You can dress me up in leather pants  
Put me in front of a rock and roll band  
I can dance around the stage  
But I still sing this way

When it comes full circle and the fans die down  
Hardcore country comes back around  
I'll be waiting with a big old smile  
Cause I'll be back in style

I still sing this way

The only way I know  
Straight from the heart  
A little through my nose  
You can dress me up in leather pants  
Put me in front of a rock and roll band  
I can dance around the stage  
But I still sing this way

I can dance around the stage  
But I still sing this way
