I can tell where this is goin
your kissing me long and slow and soft
Throw the shades and close the curtains
The Lamp on the tables burning
Baby dont turn it off.

Theres no one here, Just you and me alone
and i wanna love you with the lights on
Tonight i wanna see it all
your hair come down and your dress Fall slowly
off your shoulders to the floor
i wanna look into your eyes,
See your breathing see your smile
Take you into my arms and take you nice and slow
Till the want in me is gone
I wanna lay here all night long and love you
With The lights on

Baby, your one sexy lady
You can look at me like im crazy
But you are
It dont make sense to me
Hiding that beautiful body In the dark
Lets take a step out of our comfort zone
and do a little loving with the lights on
Tonight i wanna see it all
your hair come down and your dress Fall slowly
off your shoulders to the floor
i wanna look into your eyes,
See your breathing see your smile
Take you into my arms and take you nice and slow
Till the want in me is gone
I wanna lay here all night long and love you
With The lights on

i wanna look in to your eyes
See your breathing see your smile
Take you into my arms and take you nice and slow
Till the want in me is gone
I wanna lay here all night long and love you
With The lights on

Till the want in me is gone
I wanna lay here all night long and love you
With The lights on
