Remember the days of the mini?
That was good
That was good
But then they switched to the maxi

Never should
Never should
The midi came
The midi went

It didn't last too long.
And now the girls are getting smart
And coming on real strong

Awalkin' in their Hot Pants
The cutest little Hot Pants
All around the city

Lookin' kinda pretty

Strollin' in their Hot Pants
Rich girls
Poor girls

Even little shy girls

Short girls
Tall girls

Make you wanna die girls

Hot Pants
Pretty little Hot Pants
Goodness gracious

From Washington to Maine

Pretty little ladies are driving men insane

Awalkin' in their Hot Pants
Tiny little Hot Pants
All around the city

Lookin' kinda pretty

Strollin' in their Hot Pants

Good girls

Bad girls

Make you wanna drool girls

Sweet girls

Sad girls

Skinny little school girls

Hot Pants

Pretty little Hot Pants

See them strollin' all across the nation

Even one or two from the women's liberation

Hot Pants

Pretty little Hot Pants

Jumping catfish

I can't believe my eyes

There goes Grandma

She's found a pair her size.

Awalkin' in her Hot Pants!

Strolling in her Hot Pants!

Swinging in her Hot Pants!

Groovin' in her Hot Pants!

Walking in her Hot Pants!

Strollin' in her Hot Pants!

Swingin' in her Hot Pants!

Groovin' in her Hot Pants!
