Soothe me baby, squeeze tight
Hold the moment, fall through the night
Itching for pleasure, I scratch
Love is a treasure, I want to give back

I wanna give you all that I've got
Attention's essential, analysis is not
It's not what you say girl, it's what you mean
So whisper with me, share dreams, ooh, stop

If you stop I'll remember so much
No one can steal what's real from my touch
Stop, what more can I say?
There ain't nothing gonna get in the way

For you, ohh, baby, baby
I've been waiting, waiting, waiting
Before you, I was given a lie, ooh
You opened up my life

Will I ever be the same again?
Will I ever talk this way again?
For you, for you all the time
I know it's so right, I'm sending you a sign

Girl are you getting what you expect?
Blindly trying, cry to connect
Needing affection, ships in the night
Making a statement, if it's wrong or it's right

Think for a while, person to person
Mile after mile, there's something you missed
Here it is, here it is
I just can't resist

Can't resist you
I've been waiting, waiting, waiting, ohh, baby, baby,
baby
Before you, I was given a lie, ooh
You opened up my life

Will I ever be the same again?

Will you talk to me this way again?
For you, for you all the time
I know it's so right, I'm sending you a sign

Can't resist you
I've been waiting, holding out, holding on
What more can I say?
There ain't nothing gonna get in the way

For you, will I ever be the same again?
Will you talk to me this way again?
Before you, I was given a lie, ooh
Opened up my life

Ohh, yeah, for you, holding out, hold again
Holding out, holding on to you
It's magic, magic, magic, ohh, ohh, ohh
Ohh, yeah, I will always be there for you

Don't do it for me, do it for you, ooh, ooh
Baby, baby, baby, I've been waiting, waiting, waiting
for you, for you
Ooh, I've been holding out, holding on, holding out,
holding on
I've been holding out, holding on, holding out for you

I wanna please you, I wanna touch you, touch you
I'm in love, ohh, soothe me baby, so soft baby
Ohh, no I ain't scared, we have dreams to be shared
Soothe me baby, so soft baby
I ain't scared, we got dreams to be shared
