Wait a minute
Right now I need for you to talk a while with me
Sometimes I'm gone so long
So frequently
I know we lead a life of problems
And things don't always work the way you want 'em to
But hear one thought from me
I can promise you

(Chorus)
We're gonna have a lifetime
A lifetime of love
We don't need it part time
It's all the time
For a lifetime

We fight our battles
But then again we always find the funny side
I can't stay mad at you
Why would I try?
I swear there ain't nobody like you
I think they broke the mold
When you were made for me
Looks like I'm there for you
Eternally

Repeat Chorus twice

You always lie at the heart of my desire
I need it
You need it
He need it
She need it
We need it
They need it
Y'all need it
We don't need it part time
It's all the time
For a lifetime

Repeat Chorus
