I can't see you when I look at you
Only see you in my memory
When I find you it's just outside my sight line
Between experience and fantasy

Don't bear up to close inspection
Close inspection of the cold hard facts
Blow in and out of my life like a spirit
My eye can't see you but my mind reacts

Only a vision in the corner of my eye
Only a vision that I see out of the corner of my eye
Only a vision, only a vision, girl

Said you loved me, heard that plain as day
I should lose this, vision fade away
What's holding on to me, just some state of mind
Feeling's coming on one more time

Close inspection, I've checked this out again and again
And it won't respond to cold hard facts
Then you blow in and out of my life like a spirit
My mind knows better but my heart reacts, oh baby

Only a vision in the corner of my eye
Only a vision that I see out of the corner of my eye
Only a vision that I see out of the corner of my eye
Only a vision, girl, only a vision, girl, yeah

Only a vision, girl, I wish that vision that I'm seeing was
real

Only a vision, girl, out of the corner of my eye
(Only a vision, girl)

Only a vision, girl, I wish that vision that I'm seeing was
real

(Only a vision, girl)

Only a vision, girl, I see her but she's not there, no,
she's not

(Only a vision, girl)

[Incomprehensible]
