When did you stop lovin' me?
When did I stop lovin' you?

When did you stop lovin' me?
When did I stop lovin' you?

When did the blue skies
Start to gather clouds?
When did understanding
Start closing down?

One day it seemed right
Then tomorrow it was gone
(It was gone)
Oh yeah the lovelight
(Lovelight)
Burned down too far
Burned too far

When did you stop lovin' me?
When did I stop lovin' you?

When did you stop missin' me?
When I was far away from you

Why do the gray skies
Still keep coming on?
Anyway the wind blows

Feels a little colder now
(Colder now)
Was is it in this life
We had the perfect day
(Perfect day)
Lately all the laughter
Seems so far away, so far away

When did you stop lovin' me?
When did I stop lovin' you?

Blue skies are hiding now
Leavin' my life lost in doubt

There are seasons high and low
Does it matter there you go

Blue skies are hiding now
(When did you stop)
Leaving my life lost in doubt
(When did I stop)
Hear I love you but now your gone
(When did you stop)
Does it matter baby I've got to know
(When did I stop)

Somethin' you stop matter me
(When did I stop)
Lovin' you
(When did you stop)
Lovin' me

(When did I stop)
Lovin' you
(When did you stop)
Lovin me oh baby
(When did I stop)
(When did you stop)
Lovin' me
(When did I stop)
Lovin' you
