[Intro:] Yeah, alright, P. Kimb

That's alright
That's okay
We take a couple poppers and we get to that gate
We're up over heaven every single day
The days we chilled
Talked shit
Got laid
And hey
Sucks when it happens to those who can take it
But your life, Kimb should be celebration
So we gunna embrace it
Till we see your face, kid
Till then can't wait to see you
Again [extended note]
Can't wait to see you
Again [extended note]
Can't wait to see you ah

Without love we perish
Like losing another brother we cherish
Not to mention all such parents
Make you wonder what got all the fairings hung
We gotta walk through fairness
Seeing Kimber OC marriage
Sipping on some young so careless
Wonder right now what he's wearing
Chillin' up in the stars
Still can't believe he's gone
Kimber you still at wrong
Through the lyrics of this song and
Just know that we love you, kid
No, man, no I just stopped the tip
We hating the game up rocket ship
This is why I spark up bliss

That's alright
That's okay
We take a couple poppers and we get to that gate
We're up over heaven every single day
The days we chilled

Talked shit
Got laid
And hey
Sucks when it happens to those who can take it
But your life, Kimb should be celebration
So we gunna embrace it
Till we see your face, kid
Till then can't wait to see you
Again [extended note]
Can't wait to see you
Again [extended note]
Can't wait to see you ah

[Instrumental break]

My dude, my bro, my dog
Never thought I would see you gone
And you know I pray to God
You with us when these times are hard
And if I had these calls
Tonight your life be here with ours
But you never had to make a song
Loved your Case, your dad, your mom
And I look up in the sky
When I get lonelier
I get high
Put on Kimber
Blast this shit
Till my fucking tiffs coincide
And you know I die inside
When I hear this shit on rock
Just let it rock, yeah
Just let it rock, yeah

That's alright
That's okay
We take a couple poppers and we get to that gate
We're up over heaven every single day
The days we chilled
Talked shit
Got laid
And hey
Sucks when it happens to those who can take it
But your life, Kimb should be celebration
[Beat drops]
So we gunna embrace it
Till we see your face, kid
Till then can't wait to see you
Again [extended note]
Can't wait to see you
Again [extended note]

Can't wait to see you ah
[Bass Kick]
