Take a step in my shoes  
You can't held out  
No chance  
Bass up I don't give a fucken damn  
I did it on my own  
I don't need those hands  
Beetchya mouth You gone lose those man  
Never bring food to a lions den  
Don't throw gas in the fire man  
And I ain't gassin' this fire man

And I'm higher than  
All of the above too fly to land  
And flip with a flow  
Thata make a dude in a wheelchair  
Do a Michael Jackson dance  
And I'm bout those Jackson's man  
And from this rappin' stance  
Dubstep house and electric fan  
Up in en Chalan in the south of France  
Our view is untouched  
Wakin' up drunk gotta find my pants  
Cell phones dead but I got a plan  
Left phone dead I'm alive again

And I'm kickin' now  
Plot is startin' to thicken now  
Started this trend don't forget this clowns  
Give me yo voice now I rip it out  
Adrenalin shots in the heart in is  
Overdosin is the hardest shit  
Mike stain crumbles the filter rips  
The preans blow  
The speakers clip  
Yeah yeah  
And they wonder what my life is like  
Married to the bass but the drums my wife  
Mormon shit proolly right  
Yup and i'm proolly right  
About my future and what's insight  
Or what's in store  
No shoppin light pedal to the floor

No stoppin' lights (stoppin' lights)  
Yeah  
And I'm so close to take off  
I hope that this confidence never shake off shake off
