only one (x3)

you were so out of my league like i was lost for words i
couldnt even begin to speak right
not to mention each night couldnt seem to spark that
conversation i kept stalling out just waiting at the green
light

push the clutch and finally broke the damn ice would of
done it sooner had i knew you were intrigued by me
had no idea kept making these excuses now your mine
and im gon' prove it, im gon' prove it

(chorus)

you said to say your the only one
cant deny it to stall any longer
girl you have done the impossible
cant even like your the only only only one
girl your the only one, girl your the only one, girl your
the only only only one

girl you were so beyond that fly shit and i cant even tell
you or explain how wide my eyes get

when you walk in the room its hard to keep a friendly
conversation cause everyones stuck on my chick, my
chick

everyone look at my chick, she got the touch and
moves to make me loose it while we grinding
she makes the room light up but thats the last thing on
her mind told me this would happen i just thought that
he was lying

chorus

only one, only one, only one
crazy never thought this would happen but your love
knocked me out

so before write a flatten any questions write them out
and now we stuck deeper and i swear its true
i cant go out i cant look around cause none of these
girls compare to you

chorus
