Hands up if you in right now  
Hands up if you in right now commin back strong with a  
brand new sound  
Sammy over house shit beats you down  
Got some chords can you get loud?  
Gimmie applause ill shut shit down  
I don't need a city I destroy whole towns  
Turn that smile right upside down  
X'ed out of your mind girl gone wild  
Grinden your teeth can I get some extra base please  
Smoken on a element oh p  
Doin it over the illest beats please  
Look like a sea of peeps down on the floor give you the  
heat  
Starburst flow get out you seat  
Out your mind is you with me  
Who says you cant fly  
Sammy aint dead and em a you fly?  
I gotta admit tonights all yall alive  
I gotta go in like its my time  
Can I make yall jump up music got your heart all  
pumped up  
What ever you all took enough of gonna make this  
sound like a monster  
Light hits your eyes and you rolling  
base hits your chest and you folding  
shit hits your ears and you golden  
in paradise and you exploding  
Never turn your back on the feeling  
So new these tracks Im revealing  
Don't you wish it was you, you were hearing  
Just wait soon youll steal it  
Light hits your eyes and you rolling  
base hits your chest and you folding  
shit hits your ears and you golden  
in paradise and you exploding  
Told me I wouldn't amount to shit  
Now im on top of a mountain kid  
Higher then the sound that the dj gives  
How can I stop with a sound like this  
You make music while I make hits

You smoke beats tell me I rolls this  
You give beats that produce my shit  
Every line every gosh darn riff  
Can I just be who I wanna  
Rip through these beats to get stronger  
Stack all this green till its longer  
Go out to leave to get on ya  
Ill drop the shells im a bomba  
You talking shit you a goner  
I do this hear with some more ya  
You other dude doesn't feel any harder
