Yeah

Sammy Adams

Swing your drank, but if you ballin' swing that bottle

Yeah

Swing a drank if you balling swing a bottle

We in the club get your girl back tomorrow

Cause we get it poppin' only hitting models

If you ain't a ten get your hands off my bottle

I'm up in the club chillin' with a couple twelves

Bottles of the Goose rollin' up a couple L's

Heaven bound? I don't know, I might go to Hell

Cause you know I'm a sinner. Baby girl you couldn't tell?

Now I'm a get my mind, get my mind, get my mind right

Hard to not be the man, catch me in the limelight

Catch me at my table standing on the joint

Two chords and my mic and my mac are connected like cable

Shorty swing your drank to the side then drop it

I can fill you up my supply's not stopping

Cause we hit the club and it's just like shopping

Any bottle that you like, girl go cop it

Swing a drank if you balling swing a bottle

We in the club get your girl back tomorrow

Cause we get it poppin' only hitting models

If you ain't a ten get your hands off my bottle

Swing a drank if you balling swing a bottle

We in the club get your girl back tomorrow

Cause we get it poppin' only hitting models

If you ain't a ten get your hands off my bottle

Yeah

V.I.P. and your girl's trying to roll

She's about 26, chick you a little old

Not to mention that you only care about my dough

Or the fact that I can spit it any stage, any show

We livin' in a world that they say is so cold

But life's good baby cause my champagne gold  
My girls stay hot when the wintertime goes  
And they all know who they are they ain't nothing if they  
don't  
[? ] shoes with a black dress matching  
3 bottles poured up call that a hat trick  
Yeah  
Just wanna see you jump till your knees can't bend  
My entourage deep so you need your friends  
Hop up in the Beem with the two?  
Plus four on the rims  
That's what we be in  
Like what you see? Baby please come taste it  
Not a Jersey boy but I am the situation

Swing a drank if you balling swing a bottle  
We in the club get your girl back tomorrow  
Cause we get it poppin' only hitting models  
If you ain't a ten get your hands off my bottle

Swing a drank if you balling swing a bottle  
We in the club get your girl back tomorrow  
Cause we get it poppin' only hitting models  
If you ain't a ten get your hands off my bottle

Swing your drank, swing your bottle  
(Swang, Swang)  
[X4]

Swing a drank if you balling swing a bottle  
We in the club get your girl back tomorrow  
Cause we get it poppin' only hitting models  
If you ain't a ten get your hands off my bottle

Swing a drank if you balling swing a bottle  
We in the club get your girl back tomorrow  
Cause we get it poppin' only hitting models  
If you ain't a ten get your hands off my bottle

Uh  
See our bottles never run out  
Maybe your drinks do  
(Hahaha)  
That's why we got bottle service baby  
All night  
Oh yeah
