So you come to me  
For rest in my heart  
Rest in my home  
That's all you want  
I haven't seen you lately  
But you still call me baby  
What about my name?

Still I stand to save your soul  
Yes I stand to save your soul  
Before you're too far gone  
Before nothing can be done.

When I should have lied and  
When I should have tried and  
When I had no fight in me and  
The whole world was screaming hold on  
Screaming hold on.

So I come to you  
For rest in your heart  
Rest in your home  
It's all you want  
Well you learnt to hate me  
But you still call me baby  
I guess you forgot my name...

Still I stand to save your soul  
Yes I stand to save your soul  
Before you're too far gone  
Before nothing can be done.

When I should have lied and  
When I should have tried and  
When I had no fight in me and  
The whole world was screaming hold on  
Screaming hold on

Girl you got it all so hold on  
But you got it all so wrong  
Girl you got it all so hold on  
But you got it all so wrong

Girl you got it all so hold on  
But you got it all so wrong

Girl you got it all so hold on  
But you're just too far gone...
