Bitten nails handfuls of hair  
head in her hands sat on the stairs  
bitter tears locked up inside  
fighting her heart fighting her mind

It's merry go round  
you can never get off  
it's merry go round  
it will never stop

what is she wife keeper or friend  
she has no more give or lend  
and someone said  
"What is full of care  
we have no time to stand and stare"

It's merry go round  
you can never get off  
it's merry go round  
it will never stop

she has to break away  
she wants to leave  
now she has made her own bed  
but she can't sleep

It's merry go round  
you can never get off  
it's merry go round  
it will never stop
