Where was I when the lights went out?  
Up in my room listening to twist and shout  
Hot summer nights by the window fan  
Out on the airwave, a big dance band

On the All Night Radio...

I gotta hear the new sound  
From across the ocean  
All strange and soulful,  
full of new emotion

Make ya wanna miss  
somebody that 'cha don't even know  
Lying there in the darkness  
with the sound down low

On the - All Night - Radio

Where's that music coming from?  
Sure gotta whole lotta soul...

the All Night Radio

and you can close your eyes,  
by the dials' soft glow,  
tuned into the world,  
on the All Night Radio Show

New York and Memphis,  
Chicago and L.A.  
When you're on the wavelength  
it ain't so far away

You know ya wanna be there  
when the sun goes down  
you're gonna feel a whole lot better  
when ya hear that sound

On the All Night Radio  
Wheres'that music coming from?

Sure gotta whole lotta soul...

The All Night Radio

And ya close your eyes  
to the dials soft glow  
Tun into the world on the all Night Radio Show  
On the radio show now...

On the All Night Radio

WAKY, WKLO, WFPK, Woody's Roadhouse...

On the All Night Radio.
